Since 1896, our ministry of service has supported and empowered America's most vulnerable groups, including at-risk youth, veterans, the frail elderly, men and women returning from prison, homeless individuals and families, people with disabilities, and those recovering from addictions. Our work touches the mind, body, heart – and ultimately the spirit – of those we serve, integrating our deep compassion with highly effective programs and services.

In addition to its many diverse services, Volunteers of America is one of the nation's largest nonprofit providers of quality affordable housing. The organization is also a major provider of skilled long-term nursing care and health services. Volunteers of America operates nursing facilities, residential assisted-living complexes, and retirement communities.

Volunteers of America's Aging with Options™ aims to transform the current senior care system by providing people with guidance and control over their care, and allow older Americans the freedom to receive care while living longer in their own homes.

Volunteers of America is committed to providing these services to growing numbers of people in need in the future.

Volunteers of America was founded by Christian social reformers Ballington and Maud Booth as a movement to “reach and uplift” the American people.
