VOLUNTEERS OF AMERICA

A national, faith-based human services organization dedicated to helping those in need rebuild their lives and reach their full potential

Who We Are

More than 30 Volunteers of America affiliates operate hundreds of human service programs, including housing and health care, that serve people in over 400 communities across the United States each year. Since 1896, we have supported and empowered America's most vulnerable groups, including veterans, at-risk youth, the frail elderly, men and women returning from prison, homeless individuals and families, people with disabilities, and those recovering from addictions. Our work touches the mind, body, heart — and ultimately the spirit — of those we serve, integrating our deep compassion with highly effective programs and services.

- Children, Youth and Families
