

Veteran Services

VOA is **committed to promoting the well-being** of all veterans and their families.

► **40,000**
veterans served annually

► **26,000**
homeless veterans housed
each year

► **50%** of veterans
in VOA transitional housing
achieve permanent housing
in 6 months

WHAT WE DO

Employment Services

VOA provides job training, resume workshops, and career assessment services to veterans so they can find a stable job.

Transitional Housing

Our housing services include interim housing, rapid re-housing, and permanent housing for veterans and their families.

Case Management

Case management services connect veterans to the benefits they are entitled to, including PTSD treatment.

VOA helps veterans overcome the barriers that stand between them and long-term stability. Our services make it possible for veterans to have a roof over their heads and the professional opportunities they deserve.

The Statistics

More than **30,000 veterans experience homelessness** every evening. Ninety percent of those experiencing homelessness are men, with an increasing number of women with children now experiencing homelessness. At VOA – we're committed to changing that through supportive services for our nation's heroes.
